PART 4

QUESTIONS 16-22

Read the article about Sean Murphy then answer the questions.

Sean Murphy

Sean Murphy reads the late news on British television at 11 o'clock each evening. This is a good time for a news programme because we can report the early news from America and the late news from Europe. I still arrive home before midnight because the journey from the Television Centre to my home in north London only takes six minutes. My family are all sleep when I get in, but I usually make a drink of hot milk and read a book for about an hour.

"I always get up to have breakfast with my three children before they catch the school bus. Then I take the newspaper and go back to bed for a short time. Later on, I go for a swim - news reader spend too much time sitting down. I sometimes go running. I've done the London Marathon twice. That's the race 40 kilometers. I finished each time, but I wasn't among the first!"

"I start work after lunch at two o'clock, when I go to my office. The rest of the day is spent planning the programme, but I always try to go home for an hour to see my children before they go to bed.
